**SUBJECT/MESSAGE:** U.S. Patent Application Docket No. GEN-T111XC3D2  
PROSTATE CANCER GENE  
(Cohen, Blumenfeld, Chumakov, Bougueret)  
Serial No. 09/901,484; filed July 9, 2001

Dear Examiner Fredman: As you are aware, the subject application has been allowed, but is currently delayed in issuance due to a Query Rush. To facilitate completion of the Query Rush and in accordance with your request, attached is a duplicate copy of the executed Declaration and Power of Attorney, as well as a legible copy of the Forms PTO-1449, which were submitted to the Patent Office on November 20, 2001 (a duplicate copy was submitted on May 7, 2004 with an Amendment). I note that the Forms PTO-1449 are identical to those as returned by the examiner with the Notice of Allowance dated February 14, 2001 in parent application 09/338,907. Because Daniel Cohen corrected the residence and post office address information by hand, we have simply typed in that information in order to assist the Patent Office in the spelling of the city and country.

**THIS IS AN OFFICIAL DOCUMENT.  
PLEASE DELIVER IMMEDIATELY. Thank you.**
